

This dictionary presents and explains the key words and concepts in Lockes thought and books. Over 130 entries include accounts of his various books, his place in science and religion and his writings on education, theology and economics. The dictionary should make Lockes thought accessible to specialist and non-specialist readers alike. The concepts and terms are taken from the full range of his publications and the dictionary is based on all that he published, including his correspondence. Each Blackwell Philosopher Dictionary presents the life and work of an individual philosopher in a scholarly yet accessible manner. Entries cover key ideas and thoughts, as well as the main themes of the philosophers work. A comprehensive biographical sketch is also included. It is aimed at undergraduates in philosophy.

Mamma, Aiutami a Fare i Compiti! (Italian Edition), Pugs in Costumes, Art in Egypt (Classic Reprint), Janacek As Theorist (Studies in Czech Music), Cuerpo y Salud - El Infarto (Spanish Edition), What Your Heart Needs to Know,

noun. John. "English philosopher, who discussed the concept of empiricism in his Essay Concerning Human Understanding (). He influenced political thought, esp in France and America, with his Two Treatises on Government (), in which he sanctioned the right to revolt. A seventeenth-century English philosopher. Locke argued against the belief that human beings are born with certain ideas already in their minds. In his political writings, Locke attacked the doctrine of the divine right of kings and argued that governments depend on the consent of the governed. (John Locke) a famous political philosopher who wrote Two Treatises of Government. He was the pioneer of the social contract theory. Also the alias of Peter.
