

In *Above the Sun*, Louis Bosco challenges the reader to see the meaning inherent in the universe, the planet, in human life. Bosco draws on the wealth of Scripture and Church teaching as well as the fruits of philosophy, literature and the arts to ask and to answer the most profound questions of human existence: Why am I here? Why do I suffer? Why must I die? The author shows that these and other questions are resolved in hope and in fulfillment in the great search for God.
