

Story One: I had not seen the man I used to fuck in college for over six years, when out of the blue he called me and we had a lunch date for the following week. When we met up for lunch it was as if all those years had never passed and we ending up not going back to work after lunch and going to his apartment instead to fuck as if the years really had never passed at all, and it was so fucking good that we have been fucking ever since. Story Two: I was suffering from "blue balls"™ as the woman I was revved up to fuck took one look at my monster cock and bolted out of my house, declaring that she did not want her pussy and her insides damaged. I called my neighbor who I fucked from time to time and thankfully she was hope and available to fuck me so that I could make good use of my enormous boner. Story Three: He was a familiar face; we had even gone to high school together and always saw each other around town even after college, since we lived in the same neighborhood. However, when we missed the ferry that would take us to the boat for our high school reunion, we ended up in a hotel room and he pulled out the biggest cock I had ever seen in my entire life. It took me a while, but I finally got up the nerves to fuck that anaconda that felt as if it was going to tear my pussy to pieces.
