

Ten years ago I went on a fishing trip that forever changed my perspective on evangelism. At thirty years of age, I was the senior member on the expedition. The only problem was that I had never in my life seen so many unsure, unwilling participants on a fishing trip. These young men desired to see people drawn towards Gods kingdom. They simply were not comfortably about the method with which we were supposed to fish. This book contains fourteen one-week meditations and study questions that examine the methods/principles used by Jesus and His disciples to reach a lost and hurting world. They didnt use one method in fishing, neither do we. We have been given freedom in fishing! May these meditations help set you free to use your unique blend of spiritual gifts, personalities, passions, and experiences to join the greatest fishing expedition of all time!
