

Grab your colored pencils, gel pens, markers or crayons and get ready for an undersea coloring adventure filled with exotic ocean fish. Each beautiful fish has been meticulously hand drawn by Jordan Biggio, nature enthusiast and illustrator. Designed to appeal to ocean lovers of all ages. Beginners will love the large open spaces giving them plenty of area to lay down solid colors. No artistic skill is required in order to make a jaw dropping masterpiece. Advanced colorists will enjoy using the line art to apply shading techniques that make the exotic fish come to life. As a bonus each exotic marine fish is printed twice in this book. Not only does this give you the opportunity to color each scene twice, it also gives you a clean slate in case you make a mistake! It is like having two copies of the same book. As a second bonus, the type of each fish is printed on the back of the page. Not only does this provide you with the name of each exotic fish but you can use this information to easily see what each fish really looks like. Some of these fish have some really wild color patterns!. Enjoy coloring the super cute and colorful Clownfish, Blue Tang, Angelfish, Triggerfish and more! A total of 20 unique underwater scenes. Each underwater fish scene is printed on one side of 60 lb pure white paper to minimize scoring and bleed-through. We suggest using crayons and high quality colored pencils for the best results. Markers and gel pens work as well, but we suggest placing a piece of scratch paper between the pages to prevent the excessive bleed-through these coloring mediums are known for. Please note the pages in this adult coloring book are not perforated. I have always loved the ocean and everything that calls it home. I have been lucky enough to scuba dive in some exotic locations and see these fish with my own eyes. The amount of color this fish display is simply amazing! Jordan • What are you waiting for? Get a copy today and start coloring in these beautiful fish!
