

This little booklet makes inspirational reading in a world of declining morale values. Granny Spooners Christian Bedtime Stories, is ideal for small children who can go to sleep at night having strengthened their commitment to their fellow man together with a better understanding of the difference between right and wrong. It is something that every caring parent desires for their children, at a time, when responsible parenting is coming under immense pressure from less desirable influences beyond a mother and fathers control. Brief and simple and a must read.
