

Based on years of teaching experience, this informative handbook presents easy-to-understand instructions with sidebars to help students master beading techniques. Each of the 13 beading techniques are first explained in detail, then further explored with projects to enhance the beaders skills and confidence. The 63 projects included--ranging from bracelets, necklaces, rings, and earrings to findings, closures, beaded beads, and other beaded objects--teach a single project or technique arranged to build skill. Appealing to beaders of every level, this classroom-in-a-book will supplement the information acquired in beading classes, expand confidence in beading techniques, and infuse work with inspiration.
