

Out of Body Detective II is based upon and a continuation of my novel, "The Execution of Innocence" and "Out of Body Detective 1". The techniques that the hero of "The Execution of Innocence" uses to free him self from death row and locate and bring to justice the true criminals are used in Out of Body Detective to help law enforcement officers locate and bring to justice more criminals as well as vindicate others that are wrongfully sentenced to via inaccurate or evidence or set free due to loopholes or legal tricks. The Out of Body Detective also goes after corrupt police and lawyers to help bring better justice to the legal system. All is done using ancient spiritual techniques or in some cases elements of Quantum Physics.
