

Miani was every hustler's worst nightmare. At 24, she was one of the most conniving women in the hood. Most of the top hustlers knew all about her past so they opted out of any contact with her. As a product of a broken home, she'd been through it all, but the tragic loss of her innocence only forced her to become the scheming woman that she turned out to be. Things changed when she met Keni, one of the most feared drug traffickers in the city of brotherly love. He noticed her potential and decided to work at taming her for his best interest. The one-time man-eater became Keni's right hand man or bitch in this case. He used her to aid him in eliminating his competition permanently. Did his plan work or did she end up leaving him high and dry to return to her scandalous ways? Nothing is what it seems in this fact-paced urban drama filled with steamy sex scenes, betrayal and deep dark secrets. Hold on to your seats and witness the drama as it unfolds.
