

Every child knows that Dinosaurs were the biggest and fiercest creatures that ever lived. In this book you discover that they could also be very smelly, awfully clumsy and routinely outsmarted by cheese. Did you know? The biggest rat that ever lived was 2m long and looked like a small hairy hippopotamus; A baby Diplodocus grew by the same amount as your body weight every two weeks; Some people believe that Elasmosaurus might still survive in Loch Ness in Scotland; In Smarties Deadly Dinosaurs we unearth the real and unbelievable facts about the dinosaurs...the biggest, the loudest, the fastest, the stupidest, the smelliest. There's even a dino that was named after Elvis Presley. See what the dino fantasy football team would have looked like. And of course, why did they all disappear so suddenly?
