

The still life, the most primordial of painting subjects, had its peak between the late Middle Ages and the 17th century. In this book, Norbert Schneider explores the still life insights into changes of mentality and philosophy as well as its role in the history of scientific discoveries and the gradual replacement of the medieval concept of the world.

There is a newer edition of this item: TASCHEN's 25th anniversary? Special edition! Two large-format hardcover volumes in a slipcase at a special bestseller . I had not seen published elsewhere such as the 'Botijo and Peras' still life. It all began in when the very first original TASCHEN publication and inaugural Basic Art title, Picasso, was released. A game-changing series was.
