She is doubtful, but agrees to his wacky proposition, figuring it's the least she could do for the guy, before throwing him out to the street. She soon discovers he was right. His new act is so funny, so amazing, and so original, it's enough to make anyone laugh so hard they almost forget to breathe. After blowing her mind with his hilarious comedy, the land-lady became so polite and impressionable, she was willing to give him everything he wanted, all for the sake of the wonderful man who melted her brain with honest laughter. **The Mission:** A genius, athletic scientist is being trained to go on the next mission to space. His formula finally works. Now, it's time to test it, and what better way to do that, than on vacation in one of the top resorts in the world, at the same time as one of the most important gatherings of world-class top-models.
