

Peter Herson, one of the country's foremost authorities on government information, and his colleagues explore additional sites, digital reference services, and navigation strategies for effectively accessing and using online government information. Updated with the latest information from the new administration and the 107th Congress, this second edition has been refined with features including a detailed analysis of information policies governing e-government, expanded coverage of the Freedom of Information Act and Web sites devoted to it, directions to sites that provide subject-specific statistics, and more.
