

Ever wonder why a guy does what he does and why it seems so counter intuitive? Here, your questions will not only be answered, but you'll learn valuable tools to help implement those skills. You'll see almost immediate results. Men are not rocket scientist and as you will soon learn, we are simpler creatures than you know. Men and women are just different, its that simple. This is more than just a dating how to. You'll understand those differences and not just be fed actions to learn by rote. Why? Because every human is like a fingerprint and with that come elements that bend the rules a bit. But, if you are aware of the reasons behind the behavior, you are better able to attack the situation strategically.
