

As I've pointed out earlier the first step in your business is knowing what you are great at doing and finding a way to make money while doing it. The next step after finding your business area is creating a solid plan with all the steps needed to take you from where you are now to your goal. When you have made a solid plan containing all the details of your journey from start to goal it is time to start working according to your plan. When doing so you will begin to organize parts of your plan into sub-plans like: building your website, writing
